- Academic Excellence Award Recipient

SKILLS

- Programming Fundamentals (C++)
- Problem-Solving
- Learning Enthusiasm
- Team Collaboration
- Attention To Detail
- Time Management
- Adaptability
- Interest In Networking

OBJECTIVE

Enthusiastic and dedicated Computer Science student eagerly seeking an internship opportunity to immerse myself in the world of software development. I am excited to transition theoretical knowledge into practical skills within a real-world setting. My goal is to contribute to a dynamic team, learn from experienced professionals, and gain valuable insights into the intricacies of software development. Motivated by a passion for problem-solving and an unyielding curiosity about emerging technologies, I am committed to absorbing knowledge and actively applying it to contribute meaningfully to projects. Through this internship, I aim to not only develop technical proficiency but also to cultivate a holistic understanding of how technology shapes solutions in the ever-evolving landscape of Computer Science.
